

# 2026 Electronics Recycling Competition

January - April

## What?

Our school is participating in the Electronics Recycling Competition! Schools that recycle the most “e-waste” win! Students, families, & staff can participate.

**Eligible e-waste** includes microwaves, TVs, printers, cords, cables, cell phones, computers, computer accessories (monitors, keyboards, mice, computer speakers, etc., whether in working condition or not), tablets, old or broken game consoles, remotes, & AV equipment (i.e., stereos, speakers, DVD players, etc.). **NO PLASTIC**, non-electronic items (i.e., toys, vacuums, etc.).

## Why?

Help divert e-waste from the trash & keep reusable electronics available in our community. Lane County schools that recycle the most “e-waste” will win a Lane County Waste Management grant of up to \$500 to support school sustainability, a NextStep Reuse Store computer gift certificate, and a special recognition award!
